

DIRE DISASTER.

Heavy Rains Cause a Rise in Rivers.

THE COLD WAVE IN THE EAST.

A Mayor in Contempt—Terrible Casualty—More Dynamite Peril—A Brig Wrecked.

Floods.

CHESLEA, Pa., February 10.—Heavy rains and melting snows raised Chester Creek to an unusual height last night, and caused considerable damage. From Lenni to the Delaware River, a distance of eight miles, the damage is extensive to manufacturing establishments, dwelling houses, railroad and country bridges, but no loss of life is reported.

PHILADELPHIA, February 10.—The ice has not yet moved in the Delaware River above the city, and although the water is up to the top of the wharves in some places, there has been no destruction of property. In the Schuylkill River the ice is moving off without causing damage.

TRUSTON, N. J., February 10.—Ice in the Delaware moved about 6 o'clock, and blocked from River View Cemetery to Morris Island. The gorge is forty feet high. Fair street is flooded, and boats are in use. Travel on the Pennsylvania railroad is threatened. Assawpung creek has swollen and there is danger from backwater. Much damage has been done and more is apprehended.

NEW BRUNSWICK, N. J., February 10.—Ice in the Raritan river was broken up last night by a flood caused by heavy rain. The banks of the river have overflowed. Manufacturing establishments and dwellings along the banks are flooded.

WILMINGTON, February 10.—Brandywine river began to rise last night and early this morning swept away an iron span of the new Baltimore & Philadelphia railroad bridge. Loss, \$20,000. The water is very high and more danger is threatened. The Philadelphia, Wilmington & Baltimore railroad bridges over Christina river are in danger, but trains are still running. Houses and mills along the Brandywine are flooded.

The Cold Wave.

CHICAGO, February 10.—The mercury fell rapidly after midnight and reports from all western points indicate clear and cold weather. In this city, at 8 o'clock, the signal service reports the temperature 14 below zero. Omaha 15 below, Kansas City 14 below, St. Paul 25 below, Dubuque 20 below, Keokuk 15 below, Fargo 30 below, Winnipeg 32 below.

The worst effects of the storm appear to be southeast of Chicago. Trains between here, Louisville and Cincinnati are completely blocked. The morning passenger trains east are abandoned, except by one line. Roads all expect to send out afternoon trains. All incoming trains from the west are from six to eighteen hours late. Trains are leaving for the west on time. Freight business on all roads is practically suspended.

DUBLINGTON, Iowa, February 10.—The night was intensely cold, with a northwestern blizzard, the worst for years. The thermometer was 22 below this morning and is now 10 below. No mail the past twenty-four hours. Trains due last night are stuck fast in snow drifts at Galeburg. Eastbound trains are blocked in drifts near Homestead.

Another victim of the Creton disaster died last night, Mrs. H. Day, of Burlington, making seven. All the remaining twenty-four will probably recover.

A Mayor in Contempt.

NEW YORK, February 10.—Judge Freedman, in the Supreme Court, today, rendered a decision in the proceedings brought against Theodore Roosevelt and others against ex-Mayor Franklin Edson, implicated with others, on a motion to punish the ex-mayor for contempt of court in disobeying the injunction order granted by Judge Beach, last December, which restrained the ex-mayor from making any nomination for commissioner of public works and corporation counsel. Judge Freedman finds ex-Mayor Edson guilty of contempt, and directs that he be confined in the county jail fifteen days, and in addition pay a fine of \$250.

Terrible Casualty.

BRAZIL, Ind., February 10.—A terrible accident occurred in the rolling mill at 6:30 this morning. A boiler exploded burying four men under the ruins of the puddling furnaces, killing two others, and fifteen were seriously injured. Some will die. The four men buried under the furnace were all taken out dead.
